Secretary's Report

With spring show time close at hand, many of you will be taking your cars to different parades and shows. When you are there, please take photos of your cars as well as any other interesting vehicles you see. Send me the pictures (I will scan and return them) or digital files and I will put them into the newsletter. The variety of articles and pictures in the newsletter are only as good as the information you give me.

New Business

Lou read a letter form the MARC national club and presented Dick with a Certificate of Merit for the Ahoogah Horn newsletter. Lou is trying to set up a tour with the model A's, possibly using the directions from an old tour.

Dick gets Newsletter Award from Lou.

Old Business

Lou is still!!! waiting to find out what the nursing home would like as a gift for 2005. As soon as he finds out, he will go and get it. Tom Petersen announced he has sold his '53 Buick. It will be going to "America on Wheels" in Allentown, PA. Bill said he bought a nice pair of 1930 license plates for only \$10.

Technical

George Harbt asked about the wiring changes needed when changing from a generator to an alternator. This is an easy change, the wire originally connected to the cut-out is now connected to the alternator. That's it.

Tom Fritz said his touring car is starting to wobble when he gets it's speed up.
