On June 2nd, Bobbi and I took my car to New York along with Cars for Films, to be used in the movie 'Revolutionary Road'. After we arrived, I was asked if I would be willing to drive the Ford in the movie. About ten seconds later, I agreed, and was sent to wardrobe to get a "period" suit and hat to wear. They had 7 or 8 cars to be used in the 1935 time frame. When the '35 flash back scene was finished, we headed back to wardrobe to turn in my clothes and sign out. When I got back to my car, I was told they needed more cars to create a traffic jam in the 1955 period and was asked if they could use my car again. So we waited until all the street scenes were done for the day before joining the real New York traffic jam trying to get through the tunnel. The movie is supposed to be released in December of 2008. Secretary's Report

Check to see when your program is due. I am running out of articles and pictures to put into the newsletter. While I don't mind publishing the newsletter, I don't think it should be a one man show. The rest of you must do something with your cars that others would be interested in seeing or reading about. Write about it, send pictures. If not, the September issue will be my last.

John said all members were paid up!
We had a new visitor at the meeting, Dean Vogel of Cranford.

"Never Again"

Why will a man get up at the Break of Day
Mess up his clothes without any pay?
Waller in grease 'til his hair turns grey
To try to redo an Ole 'Model A'?"
I guess it is love of a different kind.
But if that is love, then love sure is blind.
When I finish this ole car, I know what I'll do.
I am gonna take it real easy my whole life through.
Positively no work, no old parts to sand.
Just ridin around and look at the land.
Lucille, pull over and stop! No, back up a way.
Yeah... You see that old Phaeton by that big stack of hay?
That ole mans comin out. Howy'all doin today?
Say friend, how much do you want for that ole Unrestored "A"?"
