Secretary's Report

A little bird told me that Jack Martin was at Hershey again this year with his "new" car. He took the "Preservation Award" again, as if there was ever any doubt.

Jack has indicated that this may be the last year, as he is thinking about making a few modifications on the car to make it just a little more driveable and safe. I have a few suggestions:

- 50 series, 21 inch radial tires
- Halogen headlights, with fog lights
- 460 ford V-8 engine
- 6 speed automatic transmission
- Jaguar independent rear suspension
- Air conditioning and heat
- Power windows
- 1000 watt sound system

Feel free to use any of these suggestions, or all of them. No Charge.

Check to see when your program is due. If you go anywhere or do anything of interest with your Model A, send me some pictures and a short write-up and I will print them in the newsletter to share with the members.

Although I have enjoyed writing and publishing the Ahoogah Horn, I will no longer be doing the newsletter after this year is up. Some one else, please step up and keep this vital part of the club going. I will continue keeping the web site current.

Dick
